VAST FINANCIAL OUTLAY PLANNED BY ILLINOIS BELL TELEPHONE CO.

Bell System in State Spent \$18,000,000 in 1922 for New Construction. Expects to Spend \$100,000,000 in Next Five Years

By W. R. ABBOTT
President, Illinois Bell Telephone Company

During 1922 the Illinois Bell Telephone Company spent in the territory served by it approximately \$18,000,000 for new construction.

Nearly \$100,000,000 will be spent by the company in the next five years, to provide additional facilities in the company's territory.

Approximately 54,000 telephone stations were added to the Bell system in the state of Illinois during 1922.

The gain in telephone stations in the city of Chicago alone was about 32,000. At the end of the year the company was giving service to approximately 637,500 telephones within the city of Chicago.

With this increase in the number of stations there was a corresponding increase in operating expense, due to increased personnel and other charges which naturally follow the company's additional service.

Service Steadily Improves.

There has been a continuing improvement of our service. The improvement in employment conditions has enabled us to choose more carefully our operating employees, and this has had its good effect on our service.

This company was one of the pioneers in Safety First and Accident Prevention work. We now maintain a regular department devoted to a study of methods of safety and the education of our employees in safe methods of performing their work and regulating their daily actions. The results obtained have been very gratifying and will be surprising to many persons. In the year 1917 the company employed 15,477 persons. During that year telephone employees suffered 537 accidents, which caused them to lose time from their work. This record does not include minor accidents, which showed no lost time. The total number of days lost by employees for that year was 7,159 and the number of lost-time accidents per one hundred employees was 3.31.

In 1922 the company had an average of 22,299 employees. Up to November 30, there had been 306 lost-time accidents with a total of 2,290 days lost. This was at the

Catechism Wednesday, 4:15 p. m.
Ladies' Bible Class Thursday at 7:30 p. m. in the Blaul home, 1302 Roberts avenue.

Teacher training Friday, 7:00 p. m.
Teachers' meeting Wednesday, 7:30 p. m.

COLLEGE GIRL A HEROINE

[INTERNATIONAL NEWS SERVICE]
CLEVELAND, Ohio, Dec. 29.—Miss Helen House, 21, Smith College student, daughter of J. Arthur House, President of the Guardian Savings and Trust Company, played the role of heroine. When she destroyed their \$125,000 home just before daylight today. Awakened by smoke she rushed to the room of the housekeeper, Miss Olga Nordland and dragged the form of the unconscious woman to the street through smoke filled corridors. E. C. Mills, her 81 year old grandfather, was rescued by firemen. Many valuable art treasures were destroyed.
